

## How to Export your Android Phone Contact list to your Gmail account

1. In your Android click on **People** and then **Menu**.
2. Click on **Import/Export**.
3. In **Export to SD card** chose **Phone**.
4. It will write to a file called something like **pscs\_pcsc\_0004.vcf**.
5. Go back to **Home** in your Android.
6. Click on **People** again and then **Menu**.
7. Click on **Import/Export**.
8. In **Import from SD card** choose **Google**.
9. Choose **Import one vCard file** and choose **pscs\_pcsc\_0004.vcf**.
10. Then **synch** your Android by going to **Settings, Accounts & sync** and clicking on **Synch all**.
