What is Inclusive Access?

Pearson

How do YOU get registered for Mastering Physics?

Step 1: Access Code from UVA for Mastering in Inclusive Access

There are multiple places you can locate your access code and information about the Inclusive Access program for this course.

Option 1: You will receive an email like the one below that will include an access code.

Option 2: Login to your Collab Course – Locate UVA Bookstore Inclusive Access – Click REVEAL CODE

Note: This is also where you can OPT out if you are buying materials through another provider.

It's the same access code just located for you in two places.

Have a good summer session!
