

Upgrading 14-day Temporary Access to Full Access in an Integrated MyLab & Mastering Course

Note: These steps apply to MyLab or Modified Mastering courses integrated with Blackboard Learn, Canvas, Brightspace (D2L), and Moodle. To gain full access choose your situation below and follow the steps.

Situation 1: Your access has not yet expired — Select the link in the Pearson temporary access email

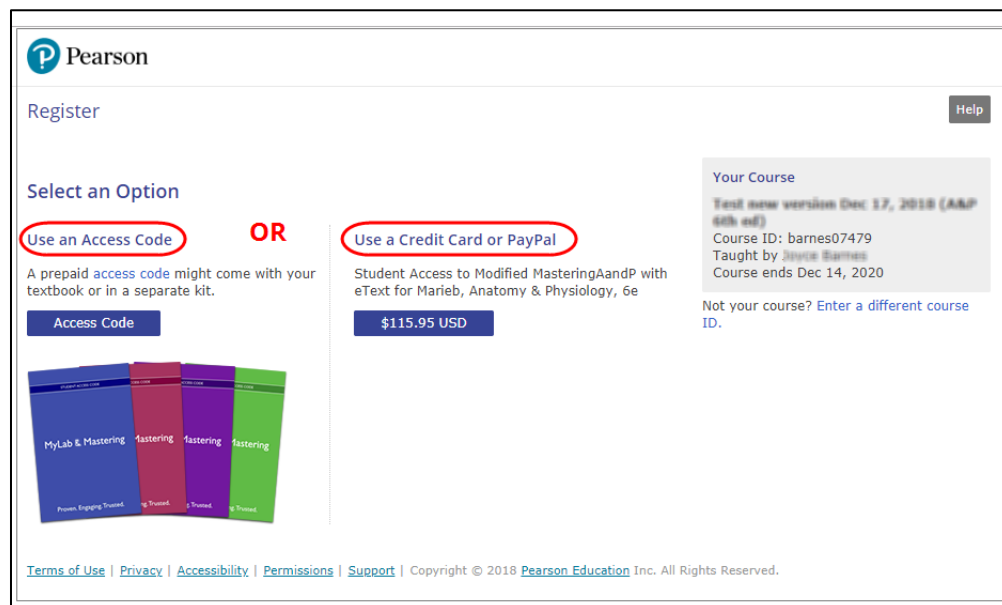

1. Before your access expires, find the following text in your temporary access email and select the link: *Change your temporary access to full access by using an access code or paying online.*

This image shows a typical email link to change temporary access to full access:

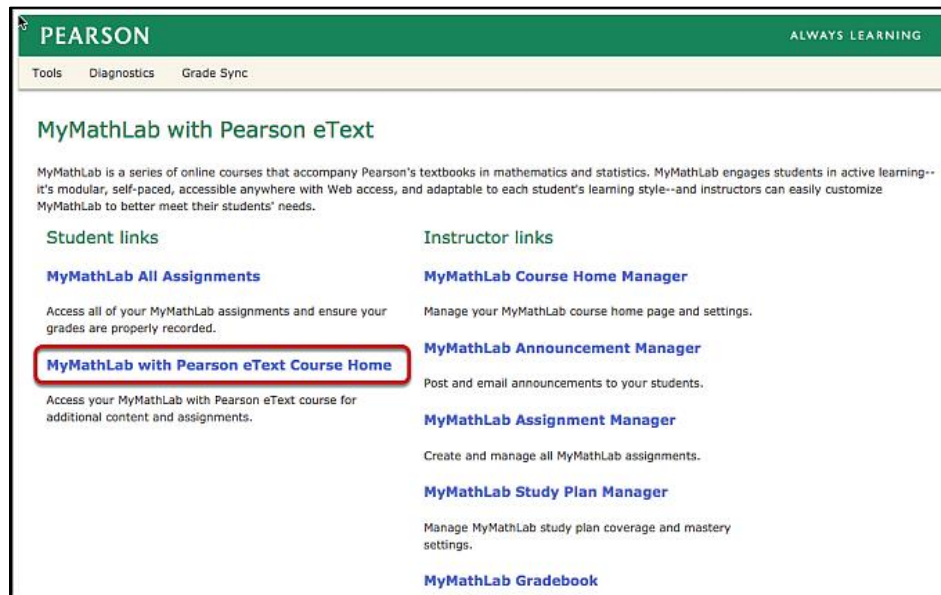

Note: **DON'T** change the username that autofills into the username field on the sign in page.

2. On the purchase page use an access code, or pay with a credit card or PayPal. Once complete, you'll have full access to your MyLab or Modified Mastering course.

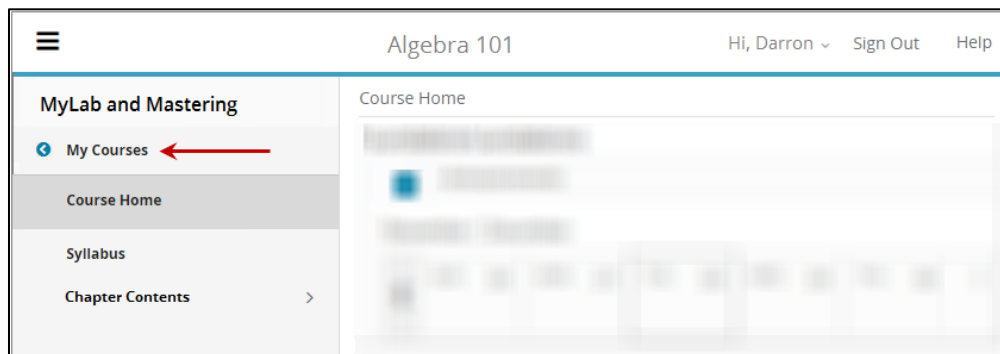

Situation 2: Your access has not yet expired — Open your course and go to the courses section of your MyLab or Modified Mastering course

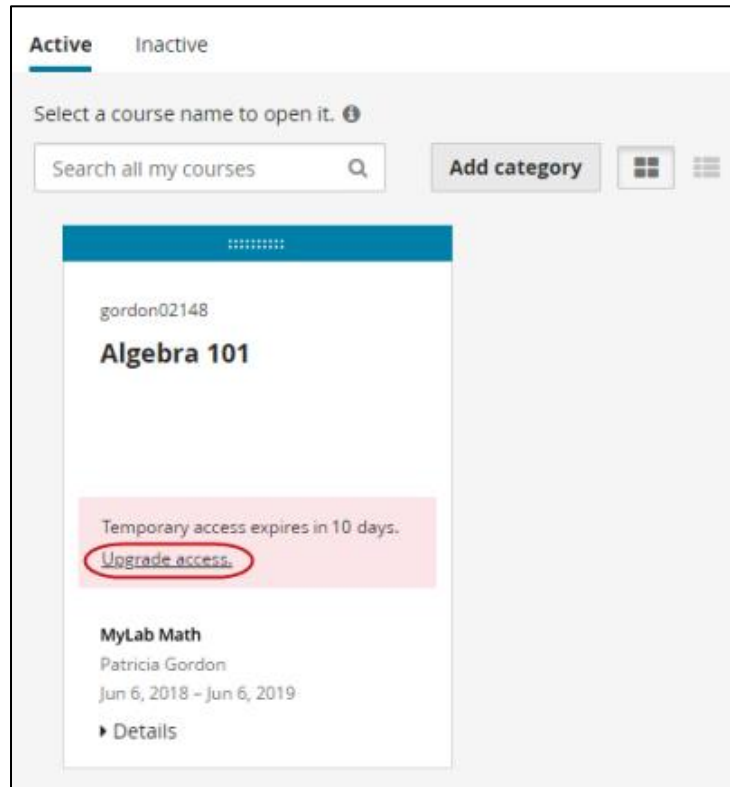

1. Before your access expires, enter your course.
2. Select the MyLab & Mastering Tool.
3. Select a link to open the MyLab Course Home link under the student section of the tools page.

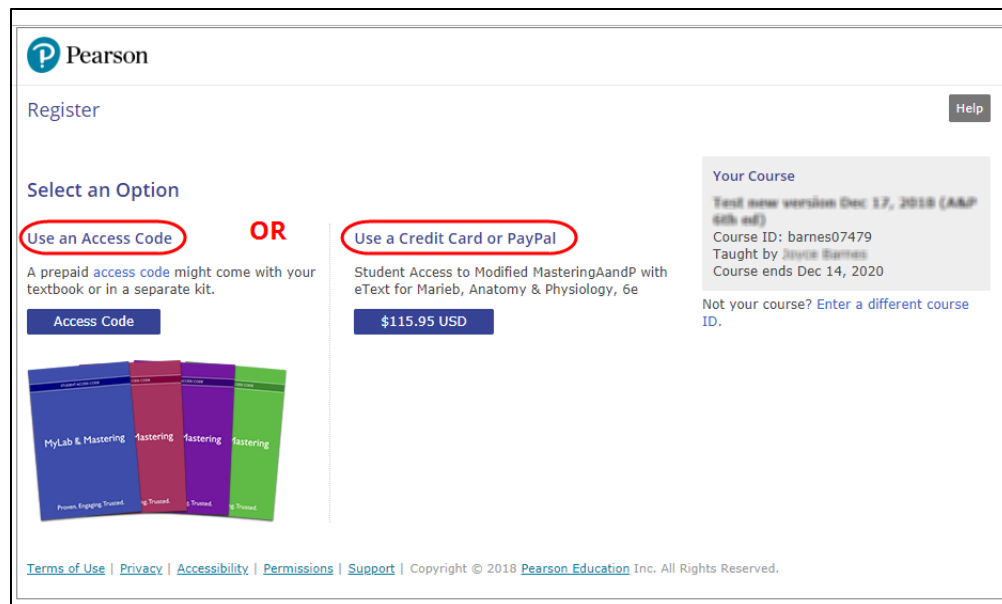

4. Select **My Courses** from the main course menu.

5. Select **Upgrade access** in the temporary access alert message for the course.

6. On the purchase page use an access code, or pay with a credit card or PayPal. Once complete, you'll have full access to your MyLab or Modified Mastering course.

Situation 3: Your access expired — Open your course and select the link to your MyLab or Modified Mastering course

1. Open your course and select the link to your MyLab or Modified Mastering course.

MyMathLab with Pearson eText

MyMathLab is a series of online courses that accompany Pearson's textbooks in mathematics and statistics. MyMathLab engages students in active learning--it's modular, self-paced, accessible anywhere with Web access, and adaptable to each student's learning style--and instructors can easily customize MyMathLab to better meet their students' needs.
